

## **EAST AFRICA STUDY CIRCLE AUCTION No. 93**

Members will note that this auction contains a number of very significant lots. Several very special Uganda items are from the estate of the late John Griffith-Jones and have been given competitive reserves. Unusually, we have a very large number of Zanzibar items with more to come in the next auction and high value BEA items too. Some members have submitted lots of duplicates and these are to be sold without reserve starting at £1, representing superb value. As the next auction is not taking place until May 2026, we trust members will find Auction 93 to be really exceptional.

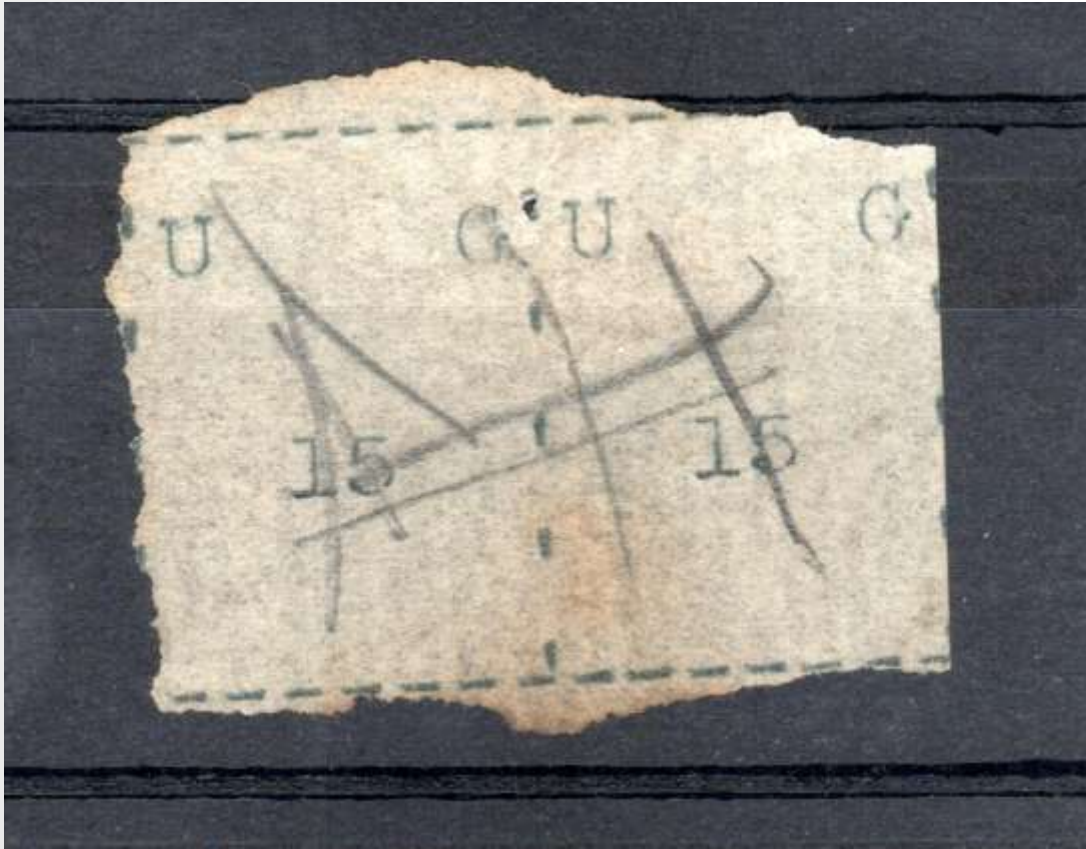

It will take place on Saturday, 26th October 2025, starting promptly at 12.30 pm, with room viewing from 12.00 noon. Scans of each lot are available on the Members' Area of the Study Circle web site ([www.easc.org.uk/auction91-images.pdf](http://www.easc.org.uk/auction91-images.pdf)). Scans of single lots will normally have images of the front only; lots which include several items may only have a selection of scans. Further information, and a larger size or number of scans, can be obtained from the auction manager, Trevor Brock at [trevorbrock@ntlworld.com](mailto:trevorbrock@ntlworld.com).

We would encourage you to submit your bids by no later than noon on Monday 21st October, direct to the auctioneer Eric Coulton at [ericcoulton@aol.com](mailto:ericcoulton@aol.com). Whether you are able to attend in person or not, we would welcome postal bids as this will ease the auctioneer's task and help the smooth running of the auction on the day. The committee is unable to conduct this auction by zoom, unfortunately.

Lot descriptions are by vendors or EASC committee members. Please report any concerns over descriptions to the auction manager. Where there is a significant detail of the item not included in the vendor's description, this may be added by the auction manager by way of a note. Successful bidders will be invoiced, and lots dispatched by Robin Fieth.
